Subject: HSCA staff review of FBI files on Sergio Arcacha Smith
RIF no. 180-10082-10192, HSCA numbered file 5989:I have conferred with Brian and with Steve Tilley, and it appears that, although the electronic RIF in our "HSCA & Church Database" indicates "512" (Open in Full), this record in fact has not been made available to the public. In other words, the electronic RIF appears to be in error. I think we should handle the document on the basis that it is non-public (keep in SCIF, etc.)Also, I have found and copied the records that (by all appearances) form the basis for this record's reference to Novel testimony. (They do not include a transcript of the testimony, just a summary thereof.) The FBI may well have gotten the entire transcript, but it appears we shall have to ask for it -- as best as I can tell, the transcript itself is not in the pipeline to be processed under the JFK Act.
