Subject: Connick/Angelico/Raymond Files

Cathy -- in the legal files regarding Richard Angelico and Gary Raymond, we should have copies of two court decisions:(1) a Louisiana state court decision that says that Gary Raymond was in contempt of court. Unfortunately, I have no idea what this will look like, except that it will have been signed by a judge and it will say "Louisiana District Court" or something like that somewhere near the top; and(2) a decision from the Supreme Court of the State of Louisiana that denies plaintiff's request to review Richard Angelico's case. This decision will be on legal sized paper with a large heading that says, The Supreme Court of the State of Louisiana.I was able to find a third decision (by the Court of Appeals), but I am not sure where these first two are. Jeremy said you would know where these pleadings are. When you find them, will you give them to me so that I can make good copies? Thanks!
