**Subject:** State Dept. Call

I had left a message earlier this week for Nina Noring to call me regarding status on the Belarus, Paris, and Mexico City cables so the Board could be updated on this. They said she would not be in until Thursday a.m. so I asked that she call me Thursday a.m. I called her at 1:40 today and they said she hadn't come in yet. I left our phone number and your three names in case she calls back after I leave. Thanks in advance to Tracy and Eileen if you would handle this for me and relay any message to David.
