CALL REPORTDocument's Author: Christopher Barger/ARRB Date Created: 03/24/97 The Players Who initiated the call? Review Board's representative in the call: Christopher BargerDepartment of the Navy-- Office of Naval Intelligence's representative in the call: Terri PikeDescription of the Call Date: 03/24/97Subject: Status ReportSummary of the Call:I telephoned Terri Pike on March 24, 1997. I explained that Tim was about to leave the office, and as a result we were doing what we could call some "stock-taking;" that is, trying to determine what has been done and what is outstanding from each agency that we are working with. In that light, I asked her if she could give me a brief status report on what they have done so far.She said that they have completed their review of about 40 cu. ft. of the 127 cu. ft. ONI has committed to having reviewed for us by the April 30 deadline. She also said that they have found one box based on our SF 135 requests. This box has to do with defectors, bith Cuban abd Soviet; they plan on turning this box over to us "in toto." She said that most of the records in that box are CIA originated or have CIA equities, so they will need to be coordinated with CIA.She ended the call by telling me that if we want to come out there at any point and personally review any of their work, we are welcome to. ENDDon't forget to compose individual Action Item documents for any action items that resulted from the call!
