Subject: Weekly Report

During the previous week, I worked on the following:Talked with NSA, NARA and ARRB staff in preparation for the NSA document press release. That is now held up pending further NSA review. I determined that this release of NSA document is the latest in a series of document releases by the agency and is not news. I am awaiting information concerning the WC Historians background on the Earl Warren comments.Talked with ARRB staff regarding press releases on Military intercepts, the Garrison tapes, and FBI/DOS withdrawal of appeals/objections. All are pending, with expected release in the next week or two.Contactd Time, Newsday, Associated Press and other media to maintain their interest in ARRB releases and possible timing of releases. The Newsday story on the Hosty notes ran Sunday, March 23. The ARRB extension story ran March 26.Set up interview with Associated Press Broadcast and Jack for April 24. I will schedule time as we get closer to that date. I talked with Tom regarding the extensive collection of AP wire copy material we have. This is interesting because of last week's sale of seven feet of wire copy for about \$10,000. We have four days of the contemporary copy from the assassination.Send copy of annual report to Ellen Ratner of Talk Radio News Service and offered future assistance if they draw any interest.Handled various calls from interested parties requesting copies of the Annual Report and Hosty notes. Also passed along information and answered questions from several of those calling.I prepared a press clip package of recent news releases.I responded to requests from Gallery Magazine for ARRB information. Reporter Will Romano plans a story in a future issue. I E-mailed Jack to see if he wanted to be interviewed. I also E-mailed Tom for his thoughts. Tom thinks the Board and you should not be interviewed for the publication because of its graphic subject matter.
