Categories: Description of the Call _____
John Judge called me today & inquired if copies of the film will be made available to the public through NARA or will a private contractor be hired to make copies. I told him I do not know what the availability of copies may be, because the final disposition of the film is not yet clear & will be discussed by the Review Board during the public meeting. Judge said that between he & Jim Lesar, they will possibly ask or state (during the meeting) that copies of the film be made available in a reasonable manner; they will also want to know how this will be done. Judge also asked whether representatives of NARA or the Zapruder family will be present. I checked w/Eileen Sullivan & told Judge that our current understanding is that they will not be present.
