Subject: Conversation w/Steve Tilley...

Body: I spoke w/him today to ask how he felt about doing a showing of the material in his area for some FINCEN people connected w/our efforts & that you would make any "formal" request to him. He mentioned his recent conversation w/you & that he'd be willing to discuss it. He wanted to make sure that these people have been associated w/our efforts & I confirmed their role. He also asked when we'd like to do this & I said I had no immediate time frame, but would like to hopefully do it relatively soon if that is in his schedule.
