**Subject:** Joan's list for the ISR  
We are compiling a list of people for the agency to check to see if they were on the Interagency Source Register. Joan give us a lengthy list, and I asked Michelle to ask Joan for reasons for the names. Below is Michelle's answer.Maybeif you give Joan a raise and a promotion, she might be more forthcoming.To: Jeremy Gunn/ARRBcc: From: Michelle Combs/ARRBDate: 04/10/97 12:49:06 PMSubject: Joan's list for the ISRJoan says each name on the list has possible intel connections but declined to elaborate. The list is currently up to 28. Should I add the rest of Joan's nominations? That would bring the number up to 49.
