CALL REPORTDocument's Author: Joseph Masih/ARRB Date Created: 04/17/97 The Players Who initiated the call? Review Board's representative in the call: Joseph MasihUS Army ACSI's representative in the call: Bert HaggetDescription of the Call Date: 04/17/97Subject: Clemard Joseph Charles FileSummary of the Call:I spoke with Mr. Bert Hagget of the Office of the Deputy CHief of Staff for Intelligence (DCSI) regarding the Clemard Joseph Charles file at IRR. I told him we belive a portion of this file should be designated an assassination record. I emphasized it was not Clemard Joseph Charles who we were looking for, but the fact that his file contains numerous references to George DeMohrenschildt. He said that he would have IRR copy the file and courier it to his office so he could familiarize himself with its contents. I then suggested that when he receive the file that I pay him a visit and tag those pages which we belive to be assassination related. He said he was fine with that and he would contact me in a week or two for the meeting. He added that he hoped the pages could be released in full. I told him the file was about an inch and half and we are interested in approximately 30 pages, but I could not be sure since it has been such a long time since I reviewed the file. I did not think they would want to make any major redactions except that memebtrs of other agencies are mentioned on some of the pages of interest.In the interim he asked we write him a short letter memorializing our conversation so he could have something for the record. I agreed with his suggestion and will draft the letter this week.Don't forget to compose individual Action Item documents for any action items that resulted from the call!
