Subject: FBI Team Report -- Week of April 30 through May 6
Upcoming FBI meetings tomorrow -- 10 a.m. -- Computer meeting at FBI Tuesday, May 15th -- 10 a.m. --
- in office FBI team meeting to discuss new process Thursday, May 15th -- 10 a.m. -- first weekly negotiation
with FBI at FBI Thursday, May 15th -- 3:00 p.m. -- meeting with Jack and John Collingwood at FBI Admin. Sydney
and Manuel have their badges!!!! Do you have any thoughts/opinions/objections about flying Joe Freeman in
for review of NAR records at the FBI during the last week in May? (I assume you received his e-mail about
this?) New Process So far, so good. We had our second negotiation session with the FBI last Friday, and Carol
and I have agreed to schedule weekly negotiations on Thursdays at 10 a.m. We will begin next Thursday, May
15th at 10 a.m. We have completed review of the Anthony Granello file. I have completed my review of the
Judith Campbell Exner file. Sydney has completed his review of the Breen file. Ron has completed his review of
the Loran Hall file. Next Thursday, we will negotiate these files, along with other files that we complete in the
next week. Foreign Liaison Material As you know, we have been talking about the foreign liaison material in
order to formulate a policy for how to deal with foreign liaison issues in the core files vs. foreign liaison issues
in the HSCA subject files. We are now working with the core files and I will be writing letters to the State
Department for each country that has issues that need to be addressed in the core files. Lesar FOIA Request I
talked to Judy Bowen about the FBI's processing of Jim Lesar's FOIA request. She told me that the classification
review unit has it now and when they finish with it, they will return it to Judy. Once Judy does a final review of
the records responsive to the request, she will return it to us to send out to Lesar. Gus Russo Response After we
talked about Gus Russo's question about the alleged 13 volumes of organized crime electronic surveillance
from Los Angeles, I called Gus Russo and Kevin searched our databases and the HSCA card file here to try to
find some reference to any of the dates or people that Gus Russo says are mentioned in the one page of
ELSUR that he has in his possession. I called Gus Russo again and told him that we were coming up blank on
our end. I then asked Jeremy (who had earlier given Kevin this work) whether he objected to our contacting
the FBI to find out more about the 13 volumes. He said that he did not object. I talked to LuAnn about it today.
She located 12 volumes of organized crime electronic surveillance from Los Angeles that is currently slated for
processing. I will call Gus Russo back and pass along this information. BRILAB I am in the middle of reviewing
the second to the last BRILAB box. Headquarters Liaison Files -- FBI-10I completed my review of the Customs
Liaison file which the FBI provided in response to our request for additional information, FBI-10. We still need
to review the CIA liaison file, which is quite voluminous. Phil had assigned this work to Kevin, but Kevin asked
me whether we could get the entire FBI team together with several CIA team members and go to the FBI to
Record
