I spoke with Dr. Wright at CMH and he said Friday after 9:30 am would be okay. We need at least two people so that one can watch the car while the other loads the vehicle.I then called Mike Waesche at Suitland and he said that between the hours of 8:30am to 4:30pm would be fine to return the microfilm. He knows that we will be coming on Friday. Friday morning you should probably leave from my building at 9:30am and go straight to CMH and from there go to Suitland and return to my home and metro back into the office.
