**Subject:** LBJ Numbers

This is an addendum. There was a misunderstanding between the Library and us as to what we wanted designated as AR's. They only prepared RIFs for 13 records. In actuality, the number is closer to 240 for AR's versus EHU's. I would say lump the ARs and EHU's together for a total of 310 documents or 1,525 pages. They are now going to prepare RIFS for the records which we designated as AR's on the log sheets we filled out while we were there. The confusion about the number 13 is another story, and you probably don't care so I won't go into it unless you really want an explanation.
