**Subject:** Cohen Deed of Gift

**Body:** Tom -- Jeremy and I talked about the deed of gift for Richard Cohen and we think that the restrictions will be fine, but we need to know whether he would sign the deed if it said that the Archives could distribute copies of the film after his death. In other words, during his lifetime, he will retain copyright AND the Archives will not be allowed to make copies to give to researchers, but once he dies, the Govt. gets his copyright AND the right to distribute copies. Let me know what he says & I will adjust the deed & send it to you for his signature.
