**Subject:** Footnote in new Warren bio

As you're probably well aware, there is a new biography of Earl Warren out: Chief Justice by Ed Gray. The book contains a chapter on the Warren Commission. On page 427, in a footnote, Gray refers to a Jeffrey Warren (Earl Warren's grandson) as "the family's acknowledged expert on the Kennedy Commission." It's a long shot, but you might want to consider finding and contacting Jeffrey, just in case he knows something about the 9/18 Executive Session. For what it's worth (since you called me with the explicit purpose of getting closure on my old memo, I hesitate to even mention the above).
