Subject: January Screening of Z-film
I just came across another reference to a screening of the Z-film to the WC (staff) in January. James Rowley, Chief, wrote a letter to LIFE on January 27, 1964 stating: "The film has not been shown to anyone outside the Secret Service, except to members of the staff of the President's Commission on the Assassination." Although it is speculative, this may have been the screening that Ford saw.
