**Subject:** Fincen...  
My understanding is that an attempt was made to contact me at Fincen yesterday, but I was not aware of this until today...My phone # there is w/in my cubicle & I rarely even stop in it unless I have a coat to rest; I normally go directly to the Intelligence Operations Center to perform my duties...Knowing this, I left my contact's phone # (Linda Percy) w/in my normal advance notice of Fincen visits, in case of an emergency...Percy was not present yesterday when I arrived (4 p.m.), but I signed in & out like everyone else...I normally call in to check my messages while at Fincen, so my suggestion is that anyone looking for additional information simply leave such a message on my voice-mail here at the ARRB...
