**Subject:** Sen. Cooper materials in Rankin collection - FYI  
Mr. William Neichter received a copy of your letter to Harold Weisberg, in which you wrote that you believed some of Cooper's papers were in the Rankin collection. Neichter wrote to you and requested copies of these records.I faxed this letter to Martha Murphy and she looked into it. In the Rankin papers she found Cooper's edit's of ch. 3 of the WC report, suggested questions for Marina Oswald supplied by Cooper to Rankin, and Cooper's notes and comments on WC report chapters 6, 7, and 8.I then called Neichter and spoke with his secretary. I gave her Martha Murphy's number as the person to contact. Martha said the material comes to about 100 pages and should not be a problem to copy. I further said that Mr. Neichter can call you or me if he has any additional questions.
