**Subject:** information for ONI's General Counsel

Per Doug;s instruction, I contacted Pentagon information for numbers to the General Counsel's office of ONI, located at National Maritime intelligence center. The operator informed me that there is no general counsel of ONI per se, only a general counsel for the Department of the Navy, which Doug informed me was not what you wanted. There is, delightfully, an SJA office (Staff Judge Advocate) for the ONI. According to the operator, this SJA Legal Affairs listing falls under Naval Maritime Intelligence Officer, so I am confident this is what we want. The Commander is LCDR Bastien and the number is (301) 669-3069. (She could not tell me as of when this information was inputted into her computer). Would you like me to call this office to get any more information?, such as other attorney names? CathyPS - the number for the Naval Maritime intel Officer (no name available) (which is whom the SJA office falls under in the operator's listing) is 301 669 4448.
