On August 20, 1997 Jeremy, Jim and I went to a meeting at IRR (Fort Meade). They have a 3-volume file on a Cuban named MIRABAL DIAZ, ALFREDO: File Number ZF * 4000 * 26W (of which two volumes are about Cuban DGI (sp?) ops in Mexico City. Jeremy thought you should look at it, along with Jim. I will not have an opportunity anytime this month to do that, which is why it's you and Jim (instead of you and me).Jim has clearance-related paperwork you need to fill out in order to gain access to files at IRR (a signature card and a signed acknowledgement form which Tracy must print)--these get mailed. In addition, Tracy must pass your clearance to a different person at IRR by fax in order for you just to get in the door (but not review records). The goal is to review the file for relevance, glean information from it, and mark or tag those pages which we want IRR to conduct declassification review on.JIM: please coordinate your joint visit with Manuel, and the passing of necessary clearances for Manuel, with Tracy. This is "your baby." END
