**Subject:** Pete

I asked Pete to do some data entry of the name list on Friday. He was relatively enthusiastic. He said that he likes computers and that they like him. He was a computer lab assistant at AU. (Check his resume.) He said that he would be interested in helping with some of the computer stuff if we need him. You might want to talk to him next week to see how much he knows. Maybe he could fill in some of the gaps.
