Review Board's representative in the call: Manuel LegaspiNational Security Agency (NSA)'s representative in the call: restrictedDescription of the Call Date: 09/09/97Subject: NSA disksSummary of the Call:Our new poc (who replaced our former poc) informed me that she is now formally assuming duties as the ARRB "liaison." We discussed some administrative issues, the most substantive of which involved the future handling of disks we receive from the NSA. She indicated that since all of their computers are linked to a classified network, all computer media leaving the NSA should be handled in a SCIF environment, even if the information on the disk is unclassified. I informed her that we would comply.ENDDon't forget to compose individual Action Item documents for any action items that resulted from the call!
