**Subject:** Update on Lloyd Grove, Washington Post  
Grove called me this morning and we spoke briefly. He told me that he had heard from a source (one that he would not identify, per his agreement with that person) who said that someone at the Board had compiled a written chronology of the Board's involvement with Hersh. Grove wanted to know if I could share it with him. I told him that I was unaware of any such written chronology. He is planning on writing his story on Hersh and the documents for next week. The focus now seems to the use of Hersh and his book as an advertising tool to market the Cusack documents at a high price.
