**Subject:** Today's "Conference" Call

Unfortunately, only Jack and I participated in the Conference call at 11:30 today. As a result, we exchanged greetings and farewells and hung up. I am asking Jerrie to try to get your availability on a weekly (rather than monthly) basis so that we will not have this glitch in the future. Some of the highlights I had intended to raise are: 1. Tom and I had a very productive meeting at CBS yesterday. Tom gave a superb performance. The people we met with (Linda Mason, VP, Al Ortiz, Wash Bureau, and Doug McKinney, Archives) could not have been more cooperative and agreeable. The offer was to give us, for practical purposes, everything of interest in the CBS archives. This must be approved by other CBS officials and we should keep it strictly confidential until a final deal is struck. 2. We have no report on Clinton's signing of our funding bill. 3. The upcoming Board meeting necessarily will be compact and, I hope, productive. A FedEx package is being sent to all of you tomorrow for a Friday delivery that will include a tentative agenda and some reading material. I personally believe that it would be a good idea for Tom and Tracy to be present during the Board meeting and I will ask them to attend unless I hear differently.
