**Subject:** Anna's concern  
What do you think is the best response to Anna's concern that was e-mailed in and I have quoted below?  
Please come tell me as soon as you can, as I would like to address this at the Board meeting. "I'm concerned about the fact that our new (and eager) people have been trained to do the sequestered collections. Other records are out there to be reviewed like the original batch. I think the Board should continue to have a hand in the review process. After all, that is our purpose."
