| **Subject:** | CIA Database Duplication |
| **Body:** | I checked the CIA Postponed, CIA Most Recent, and CIA Updated databases, and it seems as though everything in those databases is duplicated in the 9/14/97 database. I selected at least one record number from each disk number in all of the above databases and searched for them in the 9/14/97 database. I found them all in 9/14/97. |
