**Subject:** Former Special Agent Hosty

Joan & Doug --I hope that you received the voice mail that Jim Hosty left for me and that I forwarded on to both of you last week. I talked to Mr. Hosty again today and he asked me, again, about the Secret Service and military issues in which he remains interested. He is eager to talk to you, Joan, about the recent release of Bouck's papers. He would also like to chat with Doug about a few leads that he has on the military records front. I told him that I would ask each of you if you would be willing to give him a call back to talk about your specific records issues. If you would be amenable to talking to him, his number in Florida is (941) 639-4391. If you do not plan to call him, please let me know so that I can at least call him back and try to relay (again) whatever information you do or don't have. Thanks, in advance, for your help.Laura
