 Subject: Re: November 18 Jeremy, going to Reston makes a lot of sense and I like the plan as a whole. So, yes, let's do it all. Best, Kermit

Our tentative plan had been, pending hearing from you on your preferences, to pick you up at your hotel on the morning of the 18th, drive you to Dumfries, participate in the interview there, drive you to NSA, and then drop you off at the airport. We will plan to do this unless we hear from you to the contrary. >>A second component of our thinking was to book a hotel for you in the Reston area for the night of the 17th. Both Michelle and I live in Reston, and that would expedite significantly the trip to Dumfries. Tracy has made a tentative reservation for you at a Marriott Residence Inn, if you are amenable to such an arrangement. (Tracy also has a reservation for you in DC.) Following the Board meeting on the 17th, I would be pleased to take you to dinner and then drop you off at your hotel. There are several excellent restaurants in the Reston area. One of the best restaurants in the greater DC area (L'Auberge Chez Francois) is a short drive away. Let me know which, if any, of these ideas you would prefer. >>Best, >>Jeremy

How are we going to move about town? This is a lot of hoofing in a short amount of time. If I have a driver, then it will probably work; if not, then it seems to me that I should go to NSA and then try to get our friend in Virginia the next time. I know, however, that getting both done is important, so I am willing to do what will work. >I am certain I can leave from Baltimore, which would save coming back to DC. Just give me a heads-up on how to handle the travel to VA and then NSA. >Best, >Kermit
