Subject: re: anticipatory DWS
Sure!! Just panic me as you're going out the door....! :-)P.S. Just so you know, it took an ultimate act of discipline on my part not to insist you have coffee or a drink with me before heading home when you left me the minutest of openings on the eve of your departure! But I know Wren is waiting, and you -- as of today, Monday, the first day of the running week -- have miles to run before you sleep (allusion to Frost), with 0 behind you and 42 more to go (allusion to James Taylor), so I decided to spare you! (Plus, I feel guilty about all the stuff I have to do...)
