**Subject:** Jeff Caufield Visit

I don't know if David ever told you about this doctor from Ohio who has done a lot of research on the assassination and the New Orleans connection and the Clinton, LA story. He wrote to Stokes several months ago and said that we were not accessible. David got a call from Stokes' office and we wrote back to the guy. Subsequently, David asked me to call him back after he put in a call to David. Because of the Stokes connection, we were sensitive to Caufield's interest in talking to us. He sent some stuff to us which I will share with you. He actually goes around and interviews people. In that regard, he does much more than some researchers. He has his own theory (segregationists did it) and some of the records he would like us to go after get far afield. However, he has indicated at times that he may have a beat on some Garrison stuff that is in private hands. He is coming here on November 12 at 1:00 p.m. to meet with me. I'm not asking you to attend the meeting, but if you are around, I might ask you to say "hi."
