Subject: Independent status
I spoke with GSA and they said anything that we have that helps us in our claim that we are independent would be useful to them. At this point, they think that we are an executive agency after looking at our statute. Is there a relevant section of the statute that I could point out to them? Also, I think you mentioned once something from the White House agreeing to our status. Please let me know of anything that would be helpful to them in making this determination. Thanks.
