Subject: FBI Records with Army Equities
Doug --I know that you are very busy this afternoon, so this can wait until tomorrow, but we would like for you to take a serious look at what Army has asked the FBI to redact in two FBI documents with Army equities. Clearly, these documents are not all that interesting to the assassination story, but if we allow Army to black out FOUR pages of information, it does elevate the importance of otherwise irrelevant information. So -- when you have a chance -- would you let me know so that we can try to segregate out some of the document for release?Thanks--Laura
