Subject: IMPORTANT CHANGE IN INTERNET MAIL

This might be of interest to you as I think it came out before you started here. It explains a little bit about e-mail from outside of ARRB. To: ALLcc: From: Chet Rhodes/ARRB Date: 08/10/97 02:49:28 PM Subject: IMPORTANT CHANGE IN INTERNET MAIL for out going internet mail ONLY you now need to change from adding @Worldcom to adding @Interliant. Please see below. The company changed names a few months ago and now we are hooked up to the new Interliant servers so that is why you need to change the address. ARRB is now connected to the Internet. We can send and receive E-Mail messages from people all over the world. You should read the Guidelines for the use of Internet E-Mail from David to understand the appropriate use of the system. Your Internet E-Mail Address is as follows: Firstname_LastName@jfk-arrrb.gov Example: Chet_Rhodes@jfk-arrrb.gov To send Internet mail you need to add some information to the address that other people give you. For example My E-Mail address at the University of Maryland is CR9@UMAIL.UMD.EDU To send mail to me from the ARRB system I need to type the following: CR9@UMAIL.UMD.EDU@INTERNET@INTERLIANT So you need to add @INTERNET@INTERLIANT to E-Mail addresses for the internet. You do NOT need to type the addresses in ALLCAPS I just use that for emphasis
