**Subject:** letters

I have input all of the addresses on a merge file in the scif computer. I printed out one letter and showed it to Jeremy. He said he would not be able to review it today, so I put it back in the scif for tomorrow. In case I am not here tomorrow due to school closings (weather), and if you need it for any reason, I have put the disk, one print out of the letter, and the address list in the envelope you gave me in aisle 7a top shelf in the scif. Once Jeremy approves, it won't take long to print. Everything else is done. Cathy
