Subject: INSCOM (Army) Appeal of A-66 Document

You should receive a call Thursday morning from INSCOM either between 8:15-9:00, or between 10:15-10:45. Jim and I called Eileen Rogic (Chief, IRR) and answered her questions in a general way after being briefed by you and Laura. Kevin says that this particular notice will NOT be published in the Federal Register until this Friday the 13th; but our letter with the Federal Register enclosure attached was mailed to Jack Matthews on February 26th. We mailed him the earlier, courtesy notification on February 20th. The entire package of letters, including the document itself, with their desired redactions, and an unmarked copy (for you to mark up during the phone call if you desire) is in a brown envelope in your in-box in the SCIF--namely, shelf 4, row 1B. Elaine Rogic indicated that INSCOM may be about to propose a compromise. Reminders: they earlier released a document in full which they identified Jordan James Pfuntner (associated with A-66) as a controlled Army source; Michelle says that the Army told the CIA they consider that an "inadvertent release," but that fact is in our favor. (The Army never notified US that they considered it an inadvertent release.) Also--I know I am preaching to the choir, but the individuals named in the document now in question appear to be much more central to the mythology of the assassination than Mr. Pfuntner, and therefore presumably it would be harder for INSCOM to justify that withholding the information outweighs the public interest in its release. END
