Carol called this afternoon to tell me that, in an effort to accommodate the 150 new FOIA employees, the FBI is considering moving the offices of the Historical and Executive Review Unit (again) in July. When Carol's unit moved last summer, it caused a significant disruption in our work and would no doubt create even more havoc this summer. Carol thought that we might want to be aware of the possibility of such a move so that we could include in our letter to Director Freeh a section that says we would like for the FBI to avoid creating any significant impediments to our work and the work of Carol's unit -- at least until Oct. 1. I told her I would pass this tidbit along to you for feedback. Any feedback? She also told me that Jim Lesar has filed a FOIA request for any ELSUR on JFK during his Presidency. We have never made a request for any ELSUR that the FBI might have on JFK. Carol said that, in conducting its initial search, the FBI did an ELSUR search for 11/63 only. Do we want to make an additional request to the FBI for more months of ELSUR before 11/63? Carol doesn't actually know whether the FBI has anything addl, as they haven't yet begun to search.
