Subject: CIA Additional Request Records

Time is slipping away. Could we incorporate all the requests for additional information together in one file by the beginning of next week? There are 16 formal requests, the answers to some of them, and the "status of additional requests" letters over the past year or so. Thanks.

Subject: New File in 4 series
I have been thinking about the new file for CIA Requests for Additional Information and Records. There are sixteen formal request letters, 3 or 4 updated status letters (April 97, Aug. 97, January 98, and March 98, I think) and several answers to requests (I can give you the numbers). We need to pull this file together or at least give it a number fairly soon. April 1 is the deadline for responses to outstanding requests so there will be lots of paper coming in this month. Can either you or Janice go through the 4.20.1 files to pull out the items mentioned above? Maybe next week after you finish the microfilm? Even the assignment of a number for this new file would help. Let me know. Thanks.
