Subject: Talked w/Jeremy
Jeremy called to talk about two items, the second of which was the possibility of my coming back to work for 5/26-29. I laid out the deal and he said he would think about it/check into it and get back to me. I told him sooner would be better than later, and he agreed to try and get back to me sooner. That's all I know!Off to pick up our little Finnie!
