**Subject:** Another Frendly Reminder...  
yassir!To: ALLcc: From: Peter Voth/ARRBDate: 05/19/98 03:54:56 PMSubject: Another Frendly  
Reminder...Please shut down the JPO computer when you're done using it. Other machines in the office share  
that phone line and can't be used if the JPO still has an open modem connection. And besides; that way we  
can be sure that it gets turned off at the end of the day.Thanks
