Subject: press interest in grand jury records
Dear Jack:The story is on the AP wire (I will fax this to Board members), which usually works out very well for us. Hugh Aynesworth is very interested, has seen the records, and just wanted the press release. I presume he will do story. Newsday in NY is also interested, as usual. I spoke with Lois Dyer from CBS, but she wasn't sure they could pull the story off because their "in-house" expert is on vacation.Some members of the public are finding out about it electronically as I write this, and others will get the news next week by regular mail.take care and have a good weekend.Eileen
