**Subject:** June 17 Board Meeting  
I tried to reach all Board members by phone, but was unable to reach Anna and Kermit. I would like to schedule the June 17 Board meeting in New York City. Henry has made arrangements for us to meet at the Century, and I am trying to make lunch arrangements for the Harvard Club. I hope this meets with your approval. There would be a short formal meeting on green issues. The Board will then have the chance to discuss some non-policy issues (including budget, staffing, and mechanics of the final report). We will go ahead with plans unless we hear from you to the contrary. Tracy will be in touch.
