Dear Board Members:I will be away at a wedding so I will not be here for your meeting on Wednesday. There is an issue that I want to bring to your attention before I leave, so that we may resolve it before I leave, or for you to discuss in my absence.Indigo Films has asked for permission to film Review Board staff members at work in the office here. They would like to get footage of staffers reviewing documents, going through files, working in team rooms, etc. (Indigo Films initially requested to shoot footage this Wednesday, but I just found out from the producer this evening that the request is now for Thursday, June 25.)I know that some of you have reservations about filming in the office space, and you expressed your concerns the last time we met on this issue. In my humble opinion, I think we should allow it, in keeping with our past record of granting such access to those who have requested it.I will proceed as you deem appropriate, and I look forward to hearing from you. I will be here all day Tuesday if you would like to discuss this issue further. Thank you very much, and I will see you at the Board meeting in July.Eileen
