Subject: Chapter 6 additions

Hi there. I think I mentioned that I had been making a list of stuff that I think you should include in the FBI "name" sections. So, here is my list of questions to be answered. I realize that some of the answers are totally obvious, but I think we have to assume that our readers do not have familiarity with the assassination. You will probably have to do some research to answer other questions. On Arcacha-Smith, Veciana, de Torres: What is each individual's connection to the assassination? What was the subject matter of the records that we designated for processing? On Abt: Why were we interested in NY and New Haven, as opposed to all other field offices? On Joseph P. Kennedy: Why did we ask for those field office files on his 1956 FBI investigation in connection with his appointment to that Presidential Board? On John Thomas Masen: What is his connection to the assassination? (Probably ought to mention that he was one of the main characters in a book that was published as our work was ongoing, etc. . .) Why did we request files from the Miami field office? On Elizabeth Catlett Mora: Why did we request files on ECM, as opposed to all other American communists living in Mexico? (e.g. travelled to Cuba in late 62, associated with head of FPCC, Vincent Lee, in Cuba, returned to Mexico with Vincent Lee, allegedly was "called" to the Cuban embassy and was told to forget she saw Vincent Lee there in late 62, early 63.) On Pena: Who is he? What is his connection to the assassination? (e.g. bar owner in New Orleans, got his passport on same day as LHO, testified to either WC, HSCA, or both?) On Quiroga: What is his connection to the assassination? (e.g. allegedly went to Oswald's home on Magazine St. and visited with Oswald during summer 1963.) I'm not totally finished reviewing these things, so I may have a few more things. I'll let you know when I have finished. I'm going to TRY to get all of this stuff to Michelle today. But I am not particularly worried about getting it done today as opposed to tomorrow, so if you need to take extra time, don't worry.
