Subject: Schweiker's Papers at PSU

Body: I spoke to Derek Beckner at the Penn State Archives this morning about the "Projects" file in Sen. Schweiker's papers. He said that files listed as "Projects" are included in each section of the collection, essentially for miscellaneous documents. He will check to see what is in the "Projects" file for the assassination (the papers are stored off-site, so it might take a few days), and let us know what he finds. He said that from his recollection, there was nothing significant in it, and it may have even been empty. -Chris
