**Subject:** Edwards' Committee Hosty-Note hearing  
First, thanks for the updates yesterday.Second, my old Edwards' Subcommittee file which you graciously forwarded along with a bunch of other stuff a while back doesn't have much in it. It would be helpful to have the actual date and title/heading of the hearing. I know Phil had a white binder of Edwards' Committee stuff, which you may be able to easily lay your hands on. The HSCA also got copies of the Edwards' stuff, which is located in Box 5 of the Numbered Files in the 000132-000137 folder. Any chance you can get me the date and hearing title? Many thanks.
