Subject: ARRB Update

Good Morning! I just wanted to update you on a couple of things:1. We received the finalized Sheridan settlement agreement, which you can sign on Monday.2. NSA-- I sent out letter which simply asked them to make certain that they have done a sufficient search to identify any recent (i.e., post-HSCA) intelligence on Oswald or the assassination. 3. Secret Service- I spent most of the day yesterday preparing and sending out a letter describing the items that the Secret Service needs to complete. I discussed Secret Service issues with Sarah. For the Board meeting, we can present one (and maybe two) issues regarding whether certain records should be designated as assassination records. They are (1) a logbook identifying protective intelligence and (2) Presidential Protective Surveys for 1961-63. I will e-mail the letter I sent out.4. HUAC-- I spoke with the Deputy Staff Director for the Judiciary Committee, and they are still deciding (stalling?) on whether to give us access to the HUAC files. We have gotten nowhere in the last several months. I have drafted a letter, which I will send to you for review before sending out. We probably want to bring this issue to the attention of the Board.5. Final Report - I have not spent as much time on this as I would like but I am going to try to spend most of today and tomorrow on this.--Ron
