**Subject:** Burton letter  
I am attaching the August letter to Burton. I had hoped to finish it by now but was not able. It can go as is if you feel that it is complete. I have included everything sent to me from the staff. You may want to run it by Ron before having Jerrie finalize. Also, Ron has letter to attach with it. As I have done in the past, I suggest that Jerrie finalize it for Jack's review, and then when he has approved it/made edits, she should finalize and FedEx to Debbie, who will have Jack sign it, and then she can mail to Burton. I know we like to have it sent out the last day of each month, but given the circumstances, I think it is ok as long as it goes out before the next meeting.thanks! letter is also in g:\gunn\corresp\congrprt.g30
