Subject: NARA Ballistics Testing
Jack,I had a conference call today with Steve Tilley and Miriam Nesbit concerning the ballistics testing and the Board meeting on Thursday. Carlin is going out of town on Thursday and will not be able to come to the Board's meeting, but Ballardo may be able to make it, and Michael Kurtz can definitely meet with the Board. When you have a chance to call, I'll update you on my conversation and we can talk about who from the Archives should be present in Carlin's absence. Thanks,Laura
