CONTACT PROFILEDocument's Author: Douglas Horne/ARRB Date Created: 08/17/98Contact Description
Contact Name: Dr. Ken Dobson Company: Title: Category: PublicStreet Address: P.O. Box 1494 Milledgeville,
GA 31061-1494Phone Number: (912) 454-3680FAX Number: E-mail Address: HSCA Letter Sent: Additional
Information A phone call from John McAdams and Barb Junkkarinen to the ARRB's General Counsel in August,
1998 concerned hearsay emanating from a "Bill Moore" to the effect that a resident at Bethesda NNMC in the
1985-86 period (Ken Dobson) had discovered either original autopsy notes, or a copy of the report .
Furthermore, they reported to Mr. Haron that a female high-ranking Navy Pathologist (Chief of Infectious
Diseases) claims (according to Moore) that she was told about the notes, but McAdams and Junkkarinen said
they did not have her name or telephone number---that only Moore had her name.Attempts this date by staff
member Doug Horne to contact Bill Moore proved fruitless; the number provided by General Counsel Ron
Haron after his call with McAdams and Junkkarinen proved to be a disconnected number; the number of the
only listing for "Bill Moore" in that same area code, 305, proved to be for a person who said he knew nothing
about the Kennedy autopsy or any autopsy notes.Without Bill Moore to provide the identity of the Navy
Pathologist , ARRB's only recourse was to contact Dr. Ken Dobson in Georgia. McAdams and Junkkarinen had
told Haron that they had contacted Dobson on their own, and that he acknowledged finding an original
typewritten autopsy report while at Bethesda, but not any notes. (See Call Report.)
