PMSubject: working files for naral have two boxes, maybe three, of Kim's working files. Should those be boxed  
up for NARA now, or should I wait and have the gentleman who has been working in our offices from NARA  
look at it first?Also, I have several files in my top drawer of my filing cabinet that appears to be resumes of  
people who applied for analyst jobs. PLease let me know how to proceed with both these and Kim's boxes.
