To: Kevin Tiernan/ARRBcc: Tom Samoluk/ARRB (bcc: Non-Record/ARRB)From: Cathy Rodriguez/ARRB Date: 01/07/98 12:33:54 PMSubject: doj microfilmKevin, per Toms request, I have a question with regard to the DOJ microfoilm original instructions, those being, what exactly were the criterion discussed to be using when viewing the microfilm, and were there any other guidelines given by Phil or anyone else who directed the review. I have not seen any written guidelines or criterion on the viewing from the onset of hte project, but I am planning to review today the paperwork in the scif again to ensure that's correct. Thanks for your help,
